Great Place To Work® India has observed that the Best Workplaces have gone above and beyond to create and sustain aspirational organizations. Organizations that succeed in establishing high-trust, high-performance cultures and maximizing human potential by bridging experience gaps will be great places to work for all in the future.

“It is difficult to envisage any business that has not reaped the benefits of the digital revolution. Despite of uncertain global scenario, the IT industry has consistently augmented the growth of India’s knowledge economy. The industry has also been instrumental in strengthening India’s digital capabilities making huge strides in deep tech, AI and AR offering an entirely new gamut of opportunities in terms of job and value creation.

Technology companies have been regarded as leaders in forward-thinking and innovative workplace cultures. The Pandemic gained impetus along with the wave of startups has made it imperative for organizations to focus on their people with technology becoming real-time and user experience becoming global. Despite witnessing phenomena like great resignation and quiet quitting, Best Workplaces are on their way to cracking the code as there has been a 2% improvement in the overall employee experience in the IT & IT-BPM sector since last year.

Congratulations to all our winners for this coveted recognition. I am confident that the industry and its leaders will continue to set global benchmarks in workplace culture.”- Yeshasvini Ramaswamy, Serial Entrepreneur & CEO, Great Place To Work India.

“We are thrilled to once again to be named among India's Best Workplaces™ in IT & IT-BPM 2022. Everyone has worked tirelessly towards building the highest levels of employee engagement, and satisfaction. A big thank you to all who have played an important role in our success.” said Sowmya Santhosh, Senior Vice President, and Head of HR at CitiusTech.
